Shipping Notes.
The steamer Pele took 220 tons of coal for the Makawae Plantation this afternoon.
The barkentine Irmgard, Schmidt master, left today for Laysan Island. Her only cargo was three cases of whiskey.
The four-masted schooner W H Talbot, Blum master, sailed for San Francisco yesterday afternoon with a full cargo of sugar.

Another Suit for Damages.
E. R. Ryan, who was fined \$2 with \$1 costs for incivility, intends suing the Deputy Marshal for damages for extortion of money by the police. He says he had deposited \$8 for bail after nearly two hours' custody, when Clerk Roschill demanded from him \$250 for an old whiskey bill of the Cosmopolitan Saloon. As he refused to pay the demand he was ordered below again and only released when he paid the money. Major Wodehouse, British Minister, went with Ryan to the Station and demanded the return of the \$250 and the money was accordingly returned to the complainant.

"One of my customers came in today and asked me for the best cough medicine I had," says Lew Young, a prominent druggist of Newman Grove, Neb. "Of course I showed him Chamberlain's Cough Remedy, and he did not ask to see any other. I have never yet sold a medicine that would loosen and relieve a severe cold so quickly as that Remedy does. I have sold four dozens of it within the last sixty days and do not know of a single case where it failed to give the most perfect satisfaction." 50 cent bottles for sale by all dealers. Benson, Smith & Co., agents for the Hawaiian Islands.

LOCAL AND GENERAL NEWS.

A Chinese opium fiend was fined \$75 by Judge Foster to-day.

A notice to the creditors of Samuel Parker appears elsewhere.

The U. S. cruiser Boston will leave for target practice to-morrow. She will be absent about a week.

A new merry-go-round to be run by steam has been set up on the vacant lot on Hotel and Bethel streets.

The Hawaiian schooner America, now on the Sound, has been chartered to load lumber for Cork, U. K.

The Post Office despatched by the S. S. Miowera for Vancouver, B. C., yesterday evening 471 letters and 59 papers.

An underwriter's sale of damaged goods ex German bark "G. N. Wilcox," will be held by J. F. Morgan on Friday, 4th inst.

A Japanese woman was brought from Ewa this morning to be imprisoned in Oahu Prison one month for deserting her husband.

Hon. S. M. Damon presented the P. G. band with \$25 yesterday, as an appreciation of music furnished on the Executive building grounds.

M. Cavalho gives notice in another column that he will sell certain furniture distrained for non-payment of rent on Saturday, 19th August.

To-morrow, (Thursday) at 10 o'clock a.m., Jas. F. Morgan will sell at his auction room a quantity of clothing damaged by the fire which occurred at M. Davis' store.

The old boiler of the steamer W. G. Hall was taken out this morning and hauled over on the reef near the U. S. S. Adams, where it will be used as a target by the U. S. navy boys.

L. J. Levey will dispose of the paintings, books, etc., belonging to the late R. C. Barnfield, artist, on Saturday, 5th inst. The paintings, etc., will be on view at the Arlington, Hotel street, on Friday next.

The Advertiser of this morning has a story about Washington Place and a fire caused there by electric induction, connected in a roundabout way to cover a "scoop." The BULLETIN furnished the news of the incident five weeks ago.

George Wilson was a volunteer guard at the station during martial law. Ever since he has been waiting around town for work from the P. G., having given satisfaction in various capacities as a public servant under the monarchy. Yesterday George left for Papeete to be an overseer on the plantation.

Hollister & Co.'s celebrated Menthol Inhaler seems to have cured of the gripe nearly every one who used them. As a change, they now offer to the public a fresh lot of Nestle's Food received by the last steamer. Mothers who wish their babies to laugh and grow fat should bring them up on this fat and muscle former. It's certainly the best infant's food for use in a hot climate.

MURDER SOCIETY IN MOTION.
Tar and Feathers—Movements in the Camp.

About a week ago last Sunday information came to Mr. J. E. Bush that there was a scheme on foot to tar and feather him. The tar and feathers were all ready, but it seems none of the annexationists who were to perform the ceremony had the courage to proceed with the work. There was apparently a good deal of truth in the information, as on Monday night a barrel containing tar and a half a bag of feathers were taken out to Palama. It is suspected that the annexationists, or the "murder society," as they are called in the States, thought Mr. Bush was too tough a customer to deal with and were going to tackle Mr. Nawahi first.

Early this morning two white men dressed in loose holokus with capes over their shoulders were seen on Mr. Nawahi's premises at Palama. Mrs. Nawahi's mother sighted the prowlers, who decamped over the fence when made aware they were seen.

It is reported on very good authority that a gang of men has been engaged for the past few weeks in digging trenches around the inside of the barracks.

There are four P. G. specials stationed in the tower of the Central Union Church every night watching Washington Place. They have been seen by several people. Their lunches are brought to them shortly after midnight.

WEDDING AT WOODLAWN.

Brilliant Celebration of the Union of Justice Frear and Miss Dillingham.

There was a large and brilliant assemblage of Honolulu society last night at Woodlawn, the beautiful tropical home of Mr. and Mrs. B. F. Dillingham, to celebrate the marriage of their daughter Mary Emma to His Honor Walter Francis Frear, Second Associate Justice of the Supreme Court.

The marriage ceremony had been semi-private, only a few intimate friends being present with the family. It took place at the house, at 8 o'clock, Rev. E. G. Beckwith officiating. The bride was given away by her father, Miss Marion E. Dillingham, the bride's sister, dressed in gold-colored silk with white trimmings, was maid of honor. Mr. Walter F. Dillingham, brother of the bride, was best man. There were four bridesmaids but they were far away in the Eastern States, being Misses Caroline Frear, Mary Tooker, Mary Hill and Jane Adams, the last named a near relative and the others classmates of the bride at Wellesley College. Their dresses were white silk with gold trimmings. The bride looked beautiful in white silk and the usual veil.

The reception began at 8:30. Although the residence is roomy, there was a perfect crush from the beginning for an hour. The young couple received the felicitations of the hundreds of guests who thronged the grounds. The bride was in a canopy of white silk gauze decorated with luxuriant blossoms of golden shower. Similar decorations bordered the whole apartment. As the guests passed through the parlor to the lanai they were cordially greeted by Mr. and Mrs. Dillingham.

Ice cream, cake and lemonade began to be circulated at the beginning of the reception. A little Miss Kluegel distributed the bridecake in neat packages tied with ribbon. In one of the rooms a beautiful display of bridal presents was made. Rich plate, cutlery, and sets of dishes, together with many works of art were conspicuous. Officers and employees of the Oahu Railway and Land Co. contributed a silver water set and a wealth of table crockery. An earthen plate, with the maxim, "Waste not, want not," in raised letters, which had belonged to Wellesley College since its foundation in 1876, was a gift from that institution. A China tea urn with heater, presented to Grandmother Dillingham over forty years ago, now became an heirloom for the bride. Then there was a costly silver tea service, presented to Grandfather and Grandmother (the late Rev. and Mrs. Lowell Smith) at their golden wedding, to pass from them to the bride.

Hundreds of colored lanterns, bearing pictures of the flags of many nations, illuminated the spacious grounds, and formed a glowing avenue from the gate to the main entrance. The Government band played on the grounds throughout the reception. At 11 o'clock the esteemed Justice and his bride left for Pearl City by special train, on their way to spend their honeymoon at Kahuku.

PROWLER IN THE VINEYARD.
Mr. R. Lishman Catches a Chinaman Sampling His Grapes.

For years past Mr. R. Lishman has had under cultivation at Waikiki a patch of grapes, which in season yielded fine fruit. If the yield was abundant Mr. Lishman advertised the grapes for sale in the BULLETIN, with the result that the supply was never equal to the demand. Early this morning, however, it appears that a Chinaman named Chang Sang, alias Ping Song, thought that he would sample the fruit before it was all gone. He was caught by Mr. Lishman prowling among the vines. Mr. Lishman telephoned to the Police Station at 4 o'clock this morning that he had caught a thief. An officer was despatched and brought in a sorry-looking specimen of a Chinaman, who, on Mr. Lishman's complaint, was locked up for larceny of grapes.

Chang Sang was found guilty of stealing grapes in the District court and sentenced to eight months' imprisonment at hard labor and to pay \$1 fine.

New Map of Honolulu.
The BULLETIN is in receipt from the Hawaiian News Co. of a new map of Honolulu and vicinity executed by Mr. W. A. Wall, late of the Government Survey Department. It is drawn on a scale of 1:12,000, being the same as the map of Honolulu made some time ago by Mr. C. V. E. Dove for Husted's Directory. Mr. Wall's map, however, contains a great many details not to be found in any other map of the city. Most of the streets (with the exception of those in the block bounded by Nuuanu, Kuakini, Liliha and Berea streets) are shown, the residences of the principal citizens are also marked, and the various tracts of land laid down in taro and rice are clearly distinguished. The map takes in the country from the sea up to the Government Electric Works and delineates the various twistings of the Tantalus road. It also embraces the territory lying between Diamond Head and Kanehahoa school. Altogether, this is the best map yet published of the city and will prove of great value for reference in business offices.

Last fall I was taken with a kind of summer complaint, accompanied with a wonderful diarrhoea. Soon after my wife's sister, who lives with us, was taken in the same way. We used almost everything without benefit. Then I said, let us try Chamberlain's Colic, Cholera and Diarrhoea Remedy, which we did, and that cured us right away. I think much of it, as it did for me what it was recommended to do. John Hertzler, Bethel, Berks Co., Pa. 25 and 50 cent bottles for sale by all dealers. Benson, Smith & Co., agents for the Hawaiian Islands.

JAPANESE IMMIGRATION.

Planters Refuse to Accept More Expensive Terms.

Just now the planters are exercised over a demand from the Japanese Government for further revision of the labor agreement. Hitherto labor emigrants for Hawaii have paid their own way from interior points in Japan to Yokohama, leaving to the Hawaiian planters only the cost of passage to Honolulu. The Japanese authorities have notified the planters that the interior fare, amounting to 15 yen, or about \$10.00, must be paid by the planters besides the fare from Yokohama to Honolulu. This would bring the cost of each laborer up to nearly \$55 landed here.

Yesterday morning representatives of the principal firms interested in sugar plantations held a conference with President Dole and colleagues relative to the new Japanese demands. President Dole advised the planters not to accede to the new condition proposed by Japan, suggesting that if it was persisted in the planters might find it more advantageous to look to China for labor supplies. The planters with one accord decided not to accede to the Japanese demand. Messrs. W. G. Irwin, H. F. Glade, J. B. Atherton, J. O. Carter and F. A. Schaefer said "no" in turn, and other representatives of planting firms seen later joined in the rejection of the proposal.

It was agreed to send a requisition to Mr. R. W. Irwin, Hawaiian Minister Resident in Japan, for a shipment of 1100 laborers on the old conditions. Mr. Irwin is to be asked to return a positive answer as to whether or not more laborers can be obtained from Japan under the arrangement thus far subsisting. Should the answer be unfavorable, the planters will consider what is next to be done.

The statement in the Advertiser to the effect that the planters had acceded to the new terms for the present is contrary to the fact. It is also untrue that Mr. Nacayama, Inspector-General of Japanese Immigrants, sent a cable message to his Government by the steamer Miowera. He intends to advise his Government on the question at issue by the steamer City of New York.

STOCK OF M. DAVIS SCORCHED.
Incipient Fire Discovered None Too Soon.

Fire was discovered at 6:30 o'clock yesterday evening in the store of M. Davis, Nuuanu street, near the Honolulu Iron Works, by employees in the Chinese restaurant next door, who raised an outcry. Captain Juon responded to the cries, but, as there was nobody in the store, he had a hard job to effect an entrance. Finally the rear door was broken in, and with the assistance of a U. S. bluejacket, Juon smothered the flames with blankets. A fireman used a Babcock extinguisher also with good effect.

The fire originated in a corner of the store in the rear and had gained good headway when discovered. Had it had a few more minutes' time the building would have been wrapped in flames, threatening the whole block. The origin of the fire is a mystery, and the only explanation Mr. Davis can give is that it was caused by cockroaches and matches.

Both engines of the regular Fire Department were quick in responding to the alarm. They were followed by China Engine Co.'s volunteers dragging their machine by hand. By the time steam was up, but little necessity for a deluge of water was apparent. A sufficient stream was turned on the smouldering material to prevent all possibility of further burning. Not a great deal of damage was done.

Dr. Usher of the Melbourne Age and Mr. Campbell, a prominent Australian merchant, went to the fire out of curiosity, and they thought the motley crowd of several nationalities collected was the most interesting sight they had seen in Honolulu.

Mr. Davis estimates the damage to goods and house at about \$200. Both are insured in the Hamburg-Bremen Fire Insurance Co.

"My little boy was very bad off for two months with diarrhoea. We used various medicines, also called in two doctors, but nothing done him any good until we used Chamberlain's Colic, Cholera and Diarrhoea Remedy, which gave immediate relief and soon cured him. I consider it the best medicine made and conscientiously recommend it to all who need a diarrhoea or colic medicine. J. E. Hare, Trenton, Tex. 25 and 50 cent bottles for sale by all dealers. For the Good of Others
Rev. Mr. Williams Heartily Endorses Hood's Sarsaparilla.

We are pleased to present this from Rev. A. A. Williams, of the Sabbath street Christian Church, Lynn, Mass. "I see no reason why a clergyman, more than a layman, who knows whereof he speaks, should hesitate to approve an

Article of Merit
and worth, from which he or his family have been signally benefited, and whose commendation may serve to extend those benefits to others by increasing their confidence. My wife has for many years been a sufferer from severe

Nervous Headache
for which she found little help. She has tried many things that resulted well, but performed little. Last fall a friend gave her a bottle of Hood's Sarsaparilla. It seems surprising what simply one bottle could and did for her. The attacks of headache decreased in number and were less violent in their intensity, while her general health has been improved. Her appetite has also been better. From our experience with

Hood's Sarsaparilla
I have no hesitation in endorsing its merits." A. A. WILLIAMS.
